Leadership Institute Master Class – Virtual Conference 2020

This is my friend Nizam

LIMC Virtual Conference 2020

I will be sharing the following seven aspects of leadership

- Communicating
- Respect
- Teamwork
- Kindness
- Persistence
- Focus
- Trust

LIMC Virtual Conference 2020

1. Communicating

Listening more than talking

- Talk with your eyes and body
- Send a clear message,
- Listen, analyze and respond to the feedback.
- Listen to the silent cues
- Listen to the environment
- Listen with your eyes, ears, and heart

2. Respect

- Respect is more important than love
- Respect important for safety, and winning
- Respect is two ways
- Respect is built with trust
- Respect is one of the Ethics values

3. Team Work

- Win together or lose together
- Horse and Rider, none of them can win alone
- Focus on the strengths, accept the weaknesses, continue to improve

4. Kindness

- Being kind requires courage and strength
- Support and protect your team
- Reach the maximum of kindness and you will get it back
- Don't burn your team to achieve goals

5. Persistence

“Nothing is impossible with persistence”

Achieving great goals is not easy; it is the result of persistent leadership that one may fall but raise back again

6. Focus

- Set the goals and believe on them 100%
- Each and every cell in your body will lead the team to work towards the goal

7. Trust

- No trust, no leadership
